**Book Launch Announcement for
the Controversial Tell-all Memoir:**

Dismissed

**How one woman's intuition ended her addiction
and exposed a government cover-up.**

ST. ALBERT, AB – January 23, 2012 – Gisele Jubinville, millionaire inventor turned-VLT- addict will be launching her new controversial and riveting tell-all memoir on February 19, 2012 at the St. Albert United Church, 20 Green Grove Drive, St. Albert, AB, from 1pm to 4pm. Meet the author and take home a signed copy of her memoir.

Since reading *Dismissed*, local MLA's Ken Allred and Hugh MacDonald have become very interested in Jubinville's VLT research and have become unexpected allies and champions of her cause. They have both independently taken steps to pressure AGLC for the financial information Jubinville has been requesting for almost a decade. Their involvement will help ensure this horrific VLT issue will no longer be dismissed and ensure those responsible for perpetuating it will be held accountable.

Both MLA's will be in attendance at the launch to honor Jubinville and help her celebrate this very important memoir. *Dismissed* is a memoir of courage, determination and liberation where Jubinville's intuition leads her on a fact-finding, soul-searching journey that ends her 'incurable' VLT addiction and helps her expose a government cover-up. *Dismissed* is an inspiring true story filled with serendipitous twists and inspiring moments of courage that will speak to anyone who wishes to overcome the seemingly unconquerable.

About the author:

GISELE JUBINVILLE lives in St. Albert, AB with her husband of thirty-nine years. She has twenty-five years of business experience, is an author, inventor and a self-taught artist. Her goal for writing *Dismissed* is to eradicate the unnecessary destruction caused by VLT and slot machines and help addicts who continue to suffer from a completely preventable addiction. As a result of Gisele's memoir, St. Albert MLA Ken Allred has publically pressured AGLC to address their unfortunate and unflattering role in what he deems as "a huge problem...and an issue of public concern."
